

COVID-19 UPDATE

April 6, 2023

Dear Team Members at Mather Place,

Spring is here, bringing longer days, rainier weather, and the first daffodils! Although the end of cold and flu season is in sight, and our county's risk level of COVID-19 has been deemed low, there are still some illnesses circulating in our area. Therefore, we ask that you continue to take steps to protect your health and the health of those around you.

The following three steps are effective against COVID-19, colds, and flu!

- 1. Wear a face mask when you're in a group setting.**
- 2. Practice good hand sanitation.**
- 3. Stay home when you feel ill.**

UPDATE ON COVID-19 IN OUR COMMUNITY:

This update encompasses the period from March 22 to April 4. **During those weeks, we learned that one resident has tested positive for COVID-19.**

Mather Place has interviewed the individual to determine if they were in close contact with residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes), and notified any affected individuals.

Please take care and stay well.

Sincerely,

Sue Fowler
AVP & Executive Director
